# Humly Workplace Solutions

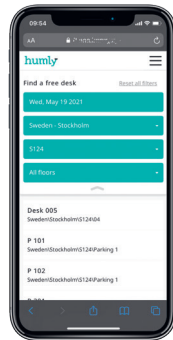

One suite to book, manage and optimize your office spaces.  
No more integration chaos or security nightmares. Because less friction and more focus is the key to workplace success.

Humly Workplace Solutions

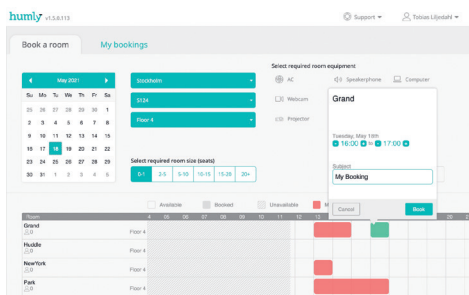

Humly Workplace Solutions is a premium tech suite for booking, managing and optimizing your office spaces. Timeless, award-winning visual design and intuitive functions bring ease and focus to everyday work life. Custom hardware and enterprise-class security puts you in control while the most flexible API around ensures freedom and easy integrations with your tech ecosystem.

Our products can run every day without failing for +5 years and all solutions are fully scalable. We are Google certified and a Microsoft partner.

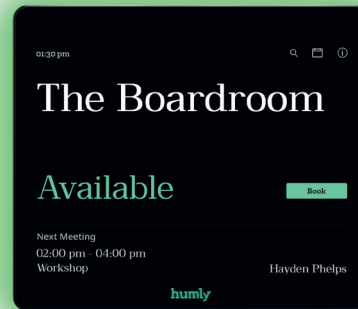

## Humly Desk Booking

Book, reschedule, access and adapt. Humly Desk Booking is the modern and flexible workplace booking system for improving productivity and focus at work. Single sign-on with Microsoft Teams.

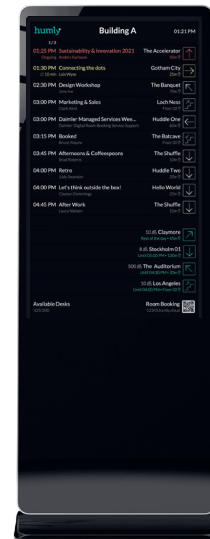

## Humly Reservations

Book meeting rooms, co-working spaces, parking lots and more. Give access to users from different domains, companies and systems. Book, adjust and get the insights and overview you need.

## Humly Room Display

Smooth, stylish and secure. The perfect interactive display for your collaboration spaces with Microsoft Teams and Google integrations. Humly Room Display will help you to find the space you already booked, or guide you to one that is available right now.

## Humly Wayfinder

Find your way at a glance. Humly Wayfinding reduces frustration and friction at the office so that your employees can save their brain power and focus on what's most important.
