

Key Features

- Improved productivity with extensive collection of myViewBoard applications
- Transform any compatible device into a complete digital podium
- Expansive content sharing capabilities with myViewBoard Display and ViewBoard Cast
- Seamless power-delivery through PoE (Power over Ethernet)

Product Description

The ViewSonic ViewBoard Box (VBS200-A) turns any monitor, presentation display, or projector into a complete digital podium. Equipped with a performant quad-core CPU to extend the longevity of your hardware, the ViewBoard Box also features a great collection of myViewBoard apps for all your presentation, collaboration, productivity, and entertainment needs, ensuring more interactive meetings and lessons. Powered through PoE and boasting large connectivity options, the ViewBoard Box provides IT managers with an easy to setup remote management system for all compatible devices wherever they are, no matter the time of day.
