

Tip & Touch stand

062.7650-95 Tip & Touch stand (motorized tip f.) (H=660/1320mm) 85 kg

This product has specifically been developed for touch screens which would be used in the table position; we call it the Tip & Touch stand. This wheeled stand has electrical height adjustment from 730-1320 mm (table height). The Tip & Touch stand is available with a tip function by gas spring or an electrical tip function. Furthermore the head of the stand contains a fixed bracket with most VESA-patterns integrated. In the baseplate two sets of mounting holes are integrated. Here a double base plate is used; mount the lifts in its second position (the back position looking at the front side of the base plate). A display of max. 95 kg (max. 85 inch) can be attached. Please note: Check if your display/flat screen is suitable for horizontal use

Tip & Touch stand
