

CS-18C

8" In-Ceiling Speaker

GOOD SOUND FOR ANY ROOM

Using the same design principles of our premium architectural and box speaker lines, the all new Klipsch Custom series delivers true Klipsch power and performance to any budget. With an 8" Polymer woofer and a 1" Polymer Dome tweeter the CS-18C brings dynamic, powerful, detailed Klipsch sound to your distributed audio, home theater, or 2-channel system.

EXCLUSIVE PATENTED SKY HOOK® CINCH INSTALLATION SYSTEM

This exclusive installation system engages the dog legs automatically when the speaker is inserted into the cutout hole with a preset clamping force, eliminating the possibility of overtorquing. If dealing with an uneven space, a 1/4 turn of each dog leg screw achieves an even more flush finish. This fast, easy installation system reduces install time by up to 75%.

ALL NEW, BEZEL-FREE MAGNETIC GRILLE

A completely redesigned powder coated magnetic steel grille eliminates the bezel for seamless, pristine integration into the living space.
