For Up to 80" TV

On-Wall & In-Wall installation ready out-of-the box

Extension _____ 24.1" [61.2 cm]

TV Maximum Screen Size _____ 80"

Maximum Weight _____ 100 lbs [45.4 kg]

Swivels _____ Up to 45°, dependent upon TV width

We're challenging the precedent of motorized TV wall mounts with Apex.

Motorized mounts of the past would often break, costing professionals time and money. Apex was mechanically designed with "Smart Drive" technology, which prevents damage when it's moved manually. "Smart Drive" renders Apex actively aware of its position, allowing it to recover from unexpected changes to its path and instantly release for safety when encountering resistance.

Apex is just as innovative in form as it is in function. It's the first motorized wall mount ever created that fits completely inside the wall, with an ultra-thin installation profile of just 3/4".

A host of design features make Apex an installer's dream. A versatile Wall Box can be mounted either in-wall or on-wall for ultimate flexibility throughout the planning process. Three-step installation allows for a simple process by a single technician. Three-point adjustments enable fine-tuning of the TV, quickly correcting its position in the event of an uneven installation. Dedicated component-mounting locations, as well as the proprietary COBRA Concealed Cable-Management System, provide a sleek aesthetic and prevent cable wear and tear.

Industry-Leading Reliability / Easy 3-Step Installation / Ships Fully Assembled

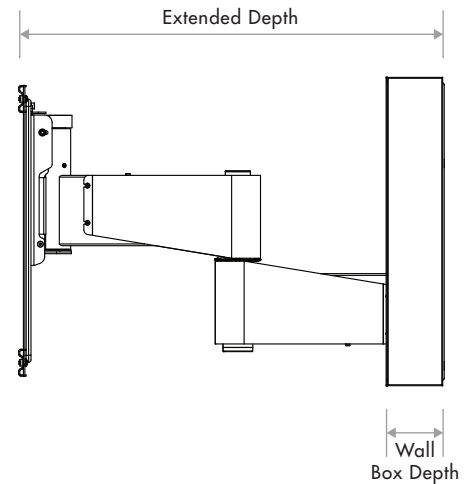

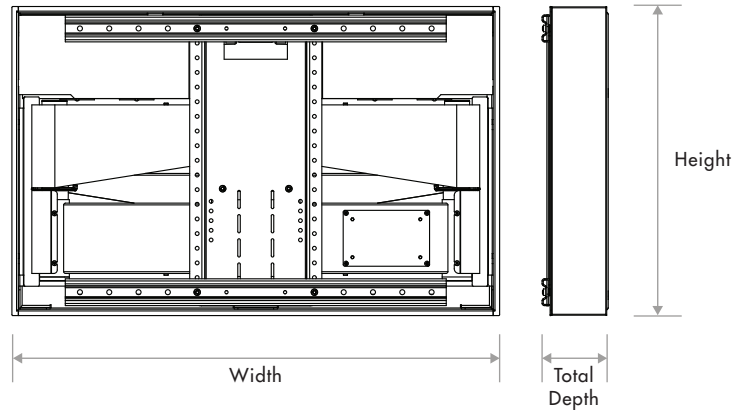

APEX MOUNT

TECHNICAL SPECIFICATIONS

- Wall box designed to recess in standard 2x4 wall construction
- 100 lbs [45.4 kg] weight capacity
- TV maximum screen size: 80"
- 24.1" [61.2 cm] extension
- Depth from wall: 0.6" [1.6 cm] or 4.4" [11.3 cm]
- Speed: 1.5" [3.8] / sec
- COBRA Concealed Cable-Management System
- Three-point adjustments for fine tuning
- No exposed tracks, gears or scissors
- IP, IR, and RF controls provided
- Exclusive Nexus 21 Safety Package included

WHAT'S IN THE BOX

- Highly-versatile wall box
- Ready to install, assembled Apex mount
- TV mounting brackets compatible with most VESA patterns
- Hook & loop fasteners for component mounting
- Installation hardware
- TV mounting hardware
- Cable management materials including aesthetic covers
- Mounting bracket for SnapAV Wattbox
- RF Remote
- Power, Ethernet, IR Cords

Height: 20.76" [52.7 cm]
Width: 32.76" [83.2 cm]
Total Depth: 4.44" [11.3 cm]
Ext. Depth: 28.59" [72.6 cm]
Wall Box Depth: 3.85" [9.75 cm]

*Apex on-wall configuration shown

All Nexus products are shipped in custom-made protective packaging, and they include everything you need to mount and operate them. The products are designed for easy assembly, and simple instructions with photos are included.
